Registration  
Form

Rastak Pad Vision Co. official member of the Iran International Exhibition Organizers Association (IEOA) in cooperation with the International Exhibitions of Isfahan organizes 17th International Exhibition of Stone, Marble, Quarries and Related Industries, ISF 2022, which will be held on 15-18 November 2022 in Isfahan, Iran.

**ISF 2022** is an outstanding event for stone, mines, processing machinery, mining equipment and tools for mining, trade and commerce. This exhibition brings experts and all people who are active in this field together. In addition, it is a great opportunity for companies to show their products and capabilities. In the last edition which was held in 2021 more than 100 companies in the area of over 5000 sqm participated. Companies from China and representatives from Italy also attended.
